

A black and white line drawing of a spiral galaxy. The galaxy has a central core and several arms made of dots and small circles. Scattered throughout the scene are various star shapes: some are simple four-pointed stars, others are more complex with multiple points. Two constellations are shown with lines connecting their stars. The text "YOU ARE MADE OF STARS" is written in a large, bold, outlined font in the center of the image.

YOU
ARE
MADE
OF
STARS
